Title:

The development and the use of gender-affirming online resources/games for transgender, non-binary, and intersex (GlaNT) children and youth: A scoping review protocol

Centre: University of Victoria Center for Evidence-Informed Nursing and Healthcare: A JBI Centre of Excellence

Primary Reviewer

Name: Roya Haghiri-Vijeh

Email address: rvijeh@yorku.ca

Question: What has been reported on the development and the use of gender-affirming online resources/games for transgender, intersex, and nonbinary children and/or youth? What has been reported on online sources or games for GlaNT children and youth to address their puberty health needs?

PCC

Population: This review will include GlaNT children and youth. Participants/study must target children, youth, and young people within the age group of 9-26

Concept: This review will consider studies that examine online sources or game development and its use for GlaNT youth.

Context: This review will incorporate literature from any geographic location or clinical care setting.
