Question: How is well-being conceptualised for the workforce who work in rural and coastal settings?

PCC

Population: The workforce in rural or coastal settings. Studies focusing on adult workers (18 years and older).

Concept: Studies must focus on the concept, definition, or dimensions of well-being.

Context: Studies must focus on rural or coastal settings. Studies must self-report as rural or coastal (e.g., contextually, in the study design and methods, or results).
